# Undersea Adventure - Airflow System

Undersea adventure is a network of fun-filled tunnels and turrets that are kept inflated by a continuous gentle airflow from a 3-speed blower, so children can crawl and slide their way around while the constant breeze keeps them cool and comfortable. With special 'airlock' entrances, observation windows and strategically sited 'escape hatches' children will not feel claustrophobic and supervisors can always keep a careful eye on their little explorers.

Great for role-play, group activities and an ideal resource to encourage social skills and co-operative play.

Easy to set up. Just lay out, Velcro the sections together, switch on the blower and it's ready to use.

## Multi - Activity Play Station

A brightly coloured two seater racer, a bridge, a shop counter, a table and seats or a crawl through tunnel: all are possible from this versatile multi activity play.

# Soft Play Equipment

Our Versatile Soft Play equipment consists of one wedge, one cylinder, one polo ring, one half circle, one pillar, two bridges. Floormats are also supplied.

## Parachutes

Parachute canopies bring a whole new world of interest and excitement to children's play activities and encourage group participation. Some suggested parachute games are mushroom, sharks, alligator swamps and tents. A variety of ball games can be invented.

We have one large and one small available.

## Large Air Cube

## Trampoline

An extremely sturdy trampoline.

It is strongly recommended only to be used under adult supervision.

## Balancing Beams

Ideal for developing a range of skills including agility, poise and balance.

Set comprises of four beams and five blue boxes.

## Red Post Box

This superb post box looks like the real thing! Children will love posting and collecting mail. It will prove a very popular addition to your home corner. Made from recyclable polyethylene, which is tough but lightweight so it's easy to move around. There is an opening at the back for taking out the mail.

## Slide

# Large Waffle Blocks

A set of large brightly coloured waffle blocks. Sturdy yet lightweight building blocks. All children have to do is slot them together as they build up their ideas and create their fantasy structures.

**We have a variety of other construction items available.**

# Creepers Scooter

Four brightly coloured innovative ride-ons. Children simply sit on the scooter and manoeuvre the scooter forwards by swinging the handle left and right to move around. Made from extremely durable plastic the scooter has a unique anti-tip design at the front, the rear and both sides of the body. Children will have hours of fun, and at the same time develop their balance and co-ordination. Suitable for children 3 years and over.

For best results it is recommended for the scooters to be used on smooth surfaces.

# Patsy Pig and Timmy Turtle

These are an exciting and innovative way for children to get around.

## Pop-ups

## 'My Store' Wheelbarrow

A beautifully crafted wooden market barrow to complement any role-play situation. Incorporates two double-sided sloping wooden display shelves for fruit, vegetable and flower crates. The barrow also incorporates storage under the shelves to tidy away after use. Designed so when wheeled around, the wheel at the front prevents tipping.

## Market Stall

A market stall with an attractive canopy and two wooden sloping shelves for displaying grocery produce. Hours of play value can be derived from pretend market shopping, which encourages children to develop their imagination and interactive skills.

**There is also a variety of other play food items available including multi cultural.**
